

## NEW PRODUCTS

### Hydrating Eye Swirls™

*Enriched with Green Tea & Aloe Vera*

These soothing hydrogel pads provide a unique cooling sensation. This results in an immediate and measurable therapeutic hydration to the eye area. Eye Swirls can be applied over, under and around the eyes. The unique shape of the product helps to reduce puffiness around the eye area while relaxing tired/strained eyes.

N121e - Hydrating Eye Swirls come packaged 24 sets in a compact retail display box.

### Rescue Disposable Facemask™

*for Redness and Puffiness*

NatraGel is a patent pending dual method for hydrating the skin. Rescue Formulation by NatraGel helps to rescue and restore sensitive skin from redness and puffiness. Calming Royal Jelly in combination with extracts of Evening Primrose, Balm Mint and Avocado Oil help to soothe the skin.

Apply facemask to the skin for 10-20 minutes. Discard after use.

N129r - 1 Mask per package

NEW PRODUCTS

## Kool Wrap for Liposuction™

Kool Wrap is for use after a liposuction procedure. Formulated with Arnica, Royal Jelly and Petrolatum to help reduce bruising and swelling post procedure. Specifically designed to maintain coolness while on the patient.

Kool Wrap is made up of a four-way stretch laminate textile coated with Natragel. This tri-laminate allows air to pass through the open-cell foam. This airflow allows water to evaporate through the lamination, keeping the wrap cool while on the patient.

N120k - 1 Roll - 4"x 5'

## Pre/Post Filler Pads™

NatraGel Filler Pads with essential oils are to be used before and after a filler/Botox® treatment. The pad will help calm the skin before injection, and help to reduce puffiness after the treatment. Pre/Post Filler Pads are easy to use, comforting and aid in getting the patient back to their busy lives.

Simply apply the filler pad to appropriate facial area 10 minutes before injection. For added cooling, place filler pad into the refrigerator 30 minutes before application. After injection apply same filler pad for an additional 10-15 minutes. Available in specific shapes for the forehead, mouth and peri-orbital areas.

Packaged 6 per box

N124f - Forehead Pad

N125f - Mouth Pad

N126f - Peri-Orbital Pad
